

### 3585

#### 3/4 HP Belt Drive Garage Door Opener

No more sacrificing strength for less noise when it comes to garage door openers. The LiftMaster 3585 3/4 HP Belt Drive Garage Door Opener is the ultimate blend of quiet and power. With 50% more power it can lift even the heaviest garage doors effortlessly and with precision, and our patented Motor Vibration Isolation System (MVIS®) and steel-reinforced belts deliver smooth-running super-quiet operation.

- High-efficiency motor delivers **improved performance in extreme weather conditions**
- **The Smart Garage Door Opener®** lets you electronically program security codes from the Smart Control Panel® or the powerhead
- Enclosed gear case provides continuous lubrication and protection for **longer life and smoother operation**
- A **6-foot power cord** makes connecting to a power source easier than ever
- **Delivers 200 watts of light** with adjustable light time delay
- **Meets all UL325 requirements**

#### SAFETY & SECURITY FEATURES

- **The Protector System®** safety sensors project an invisible light beam across the garage door opening and automatically reverse the door if anything interrupts the beam while the door is going down
- Sensing technology will **stop the door from closing if contact is made** with a person or object
- Opener lights turn on automatically when The Protector System's infrared beam is broken
- **Security+® rolling code technology** assures a new code is sent every time the remote control is used
- **Patented PosiLock®** system ensures the door remains securely locked when the garage door is closed
- **Manual release handle** in case of power failure

#### WARRANTY

- Lifetime motor and belt warranty
- 5-year parts warranty
