

3800

DC Motor Residential Jackshaft Opener

Today's garages go far beyond a place to merely park your car. So no matter if you want the extra storage space up above, have an oversized garage door, or even a cathedral ceiling, the LiftMaster® model 3800 Residential Jackshaft Opener is perfectly engineered solution to fit your specific garage door opener requirements. It mounts easily on the wall beside the garage door, and comes with a remote 200-watt light that can be positioned anywhere in the garage. The optional EverCharge® Standby Power System – that continues to operate your opener even when the power goes out – makes it even more convenient.

- **Powerful 24V DC motor** provides ultra-quiet operation, along with variable speed smooth start and smooth stop
- **Easy wall-mount installation** means no rails to hang
- **Auto-force feature constantly monitors garage door system** and adjusts forces to temperature fluctuations, floor height, and door track movement
- **The Smart Garage Door Opener®** lets you electronically program security codes from the Smart Control Panel® or the powerhead
- Enclosed gear case provides continuous lubrication and protection for **longer life and smoother operation**
- A **6-foot power cord** makes connecting to a power source easier than ever
- New optional **Alternate Power Source (580LM)** is a safe, permanent option to power the 3800 **when an outlet is not within 6 feet**; UL approved
- **Remote light delivers 200 watts of light** with adjustable light time delay
- **Meets all UL325 requirements**

SAFETY & SECURITY FEATURES

- **The Protector System®** safety sensors project an invisible light beam across the garage door opening and automatically reverse the door if anything interrupts the beam while the door is going down
- Sensing technology will **stop the door from closing if contact is made** with a person or object
- Opener light turns on automatically when The Protector System's infrared beam is broken
- **Security+® rolling code technology** assures a new code is sent every time the remote control is used
- **Manual release handle** in case of power failure

WARRANTY

- Lifetime motor warranty
- 5-year parts warranty
